### More Info:

The Board sends decisions to you and the Registrar of Passenger Transportation (including deferral request information). <sup>1</sup>

The BC Taxi Camera Rule identifies licensees that must have a working, PT Board-approved camera in each taxi in the fleet. Companies with a Passenger Transportation (PT) Licence to operate taxis must, as a term and condition of the licence, comply with this rule. More information about PT Board requirements for taxi cameras is posted on our taxi camera webpage.

<sup>1</sup> The Registrar of Passenger Transportation requires that taxi companies submit a Taxi Camera Equipment Compliance Declaration (Form PTR5016) with their annual licence renewal, and any time on request.
