Updated Application Materials including a new Fit, Proper and Capable Guide

The Board has approved updated reference sheets, application guides and application forms that conform with the 2019 Passenger Transportation Act and Regulation amendments. These updates are effective immediately.

Included with the updates is a new Fit, Proper and Capable reference sheet that provides information about the meaning of fit, proper and capable; and the factors and types of information that the Board considers when deciding the outcome of an application. The information is also useful for licensed operators that must continue to be fit, proper and capable after an application is approved.

Please contact Michael McGee, Manager of Policy, Programs and Communications, at the PT Board (michael.mcgee@gov.bc.ca) if you have any questions.
