

# Appeal - Administrative penalty

## Context

Under the Act, the Registrar is responsible for conducting compliance and enforcement, which includes issuing administrative penalties to licensees who are found to be in non-compliance with the Act or the terms and conditions of their licence. The Board is responsible for hearing appeals on Registrar administrative penalty decisions, and may either confirm or rescind any or all of the penalties.

The Act does not set out specific criteria to guide the Board's exercise of its discretion with regard to appeals, and so the Board has created this policy, a set of [Rules of Practice and Procedure \(RPP\)](#), and an [appeals process overview](#) on its website to help parties understand the Board's approach.

## Applicability

This policy applies to appellants and respondents during appeals of administrative penalties determined by the Registrar under the Act.

## Policy

In hearing an appeal, the Board may consider [section 28 of the Act](#): fitness to provide services (fit and proper, capable), public need, and the promotion of sound economic conditions in the passenger transportation business in B.C. Public safety is also considered. Section 28 (Board) considerations are detailed further under their respective titles in this policy manual.

In addition to the considerations listed above, the Board will consider any relevant factors that the appellant raises with regard to its appeal. Other relevant matters may include those factors that the

Registrar is required to consider pursuant to section 46(2.1)(a)-(h) of the Act.

The defense of due diligence may be available to appellants.
